SOLIDARITY IN INDIA

In India, the evolution of solidarity from traditional kinship-based ties to modern interdependence reflects the complexities of a diverse society. While urbanization and economic development have fostered organic solidarity, rooted in specialized roles and mutual dependence, the persistence of caste-based identities and hierarchies presents challenges to this transition. Scholars like Pauline Kolenda have examined how caste continues to influence social structures, even as occupational roles become more diversified. This duality suggests that India's path to organic solidarity may be uniquely shaped by its historical and cultural contexts.

Movie : MRS - Through the lens of Durkheim's Social Fact : Marriage

In film *Mrs. (2024)*, starring Sanya Malhotra, using Emile Durkheim's concept of marriage as a social fact. This approach unpacks how the institution of marriage in the film reflects larger societal forces that operate beyond individual control, shaping identity, morality, and behavior.

- 1. Marriage as a Normative Structure**
Richa's role as a wife isn't based on choice but on pre-existing societal expectations. Her identity is shaped by traditional norms that demand obedience and self-sacrifice—echoing Durkheim's view of marriage as a socially constructed role.
- 2. Coercive Power of Norms**
Though not openly punished, Richa faces subtle emotional and moral pressure to conform. This reflects Durkheim's idea that social facts exert coercive power by enforcing societal expectations.
- 3. Division of Labor**
The emotional and domestic burden falls entirely on Richa, showing how marriage upholds gendered labor roles—another function Durkheim linked to social stability.
- 4. Moral Regulation & Gender Roles**
Richa is expected to serve, obey, and stay silent—norms rooted in collective moral codes. Her behavior is not just personal but regulated by the values embedded in marriage as an institution.
- 5. Anomie & Identity Crisis**
As Richa seeks autonomy, she experiences anomie—a breakdown of norms. Her disillusionment highlights the tension between individualism and outdated social structures.
- 6. Subverting the "Mrs." Label**
The title critiques how marriage defines a woman's identity. Richa's journey reflects a broader social shift where traditional roles no longer suffice, pointing to a transition in societal norms.

To sum up this, *Mrs.* as a Living Example of Durkheim's Marriage Theory
In *Mrs. (2024)*, Sanya Malhotra's portrayal of Richa becomes a vivid dramatization of Durkheim's concept of marriage as a social fact. The film shows how marriage:
*Exists outside the individual,
*Coerces behavior through norms and expectations,
*Reinforces gendered roles and moral codes,
*Offers social stability but may suppress individuality.
*Can create anomie when its moral functions no longer align with personal needs.

MISSION

Sociology is more than a discipline — it is the lens through which we explore the intricate weave of human existence. It compels us to confront and understand the forces of caste, class, gender, ethnicity, religion, education, marriage, and more, which shape the rhythms of daily life.

A place where ideas originate and reflect in a critical frame.

Developing objective knowledge about society and its structure

VISION

Developing Sociological Imagination of our students to actively engage with contemporary social issues

Holistic development of our students while engaging with the micro and macro perspectives

A person's silhouette is shown from the side, holding a telescope to their eye. They are looking out over a city skyline at sunset. The sun is low on the horizon, creating a warm, orange glow. The city buildings are silhouetted against the bright sky. The overall mood is contemplative and forward-looking.

Student-Led Discovery

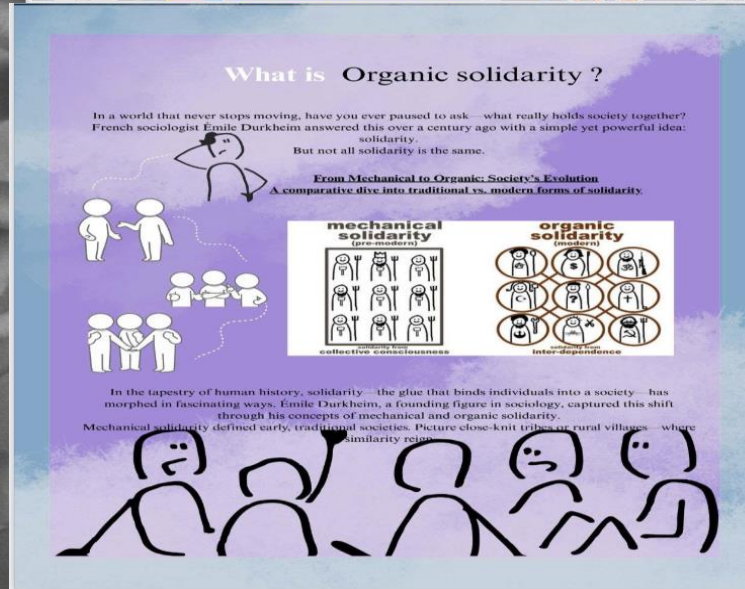

This magazine, The Pulse of Society, stands as a testament to their initiative, their dedication, and their collective voice – a student-led endeavour that has blossomed into a rich chronicle of sociological inquiry.

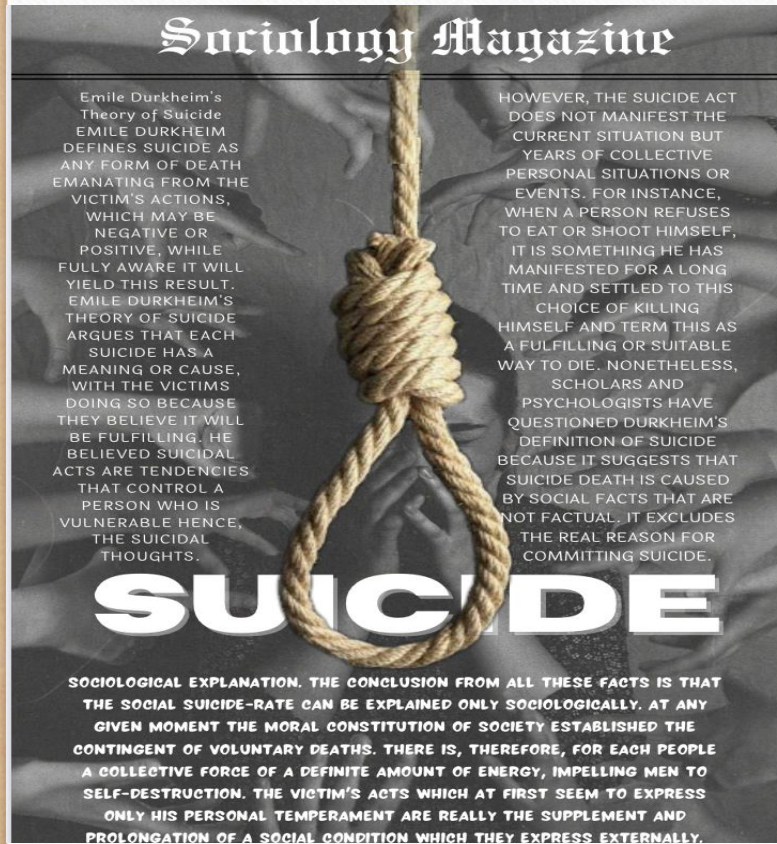

As a student-led endeavour, sociology students created a magazine enriched by their own research contributions.

CONTINUOUS ASSESSMENT

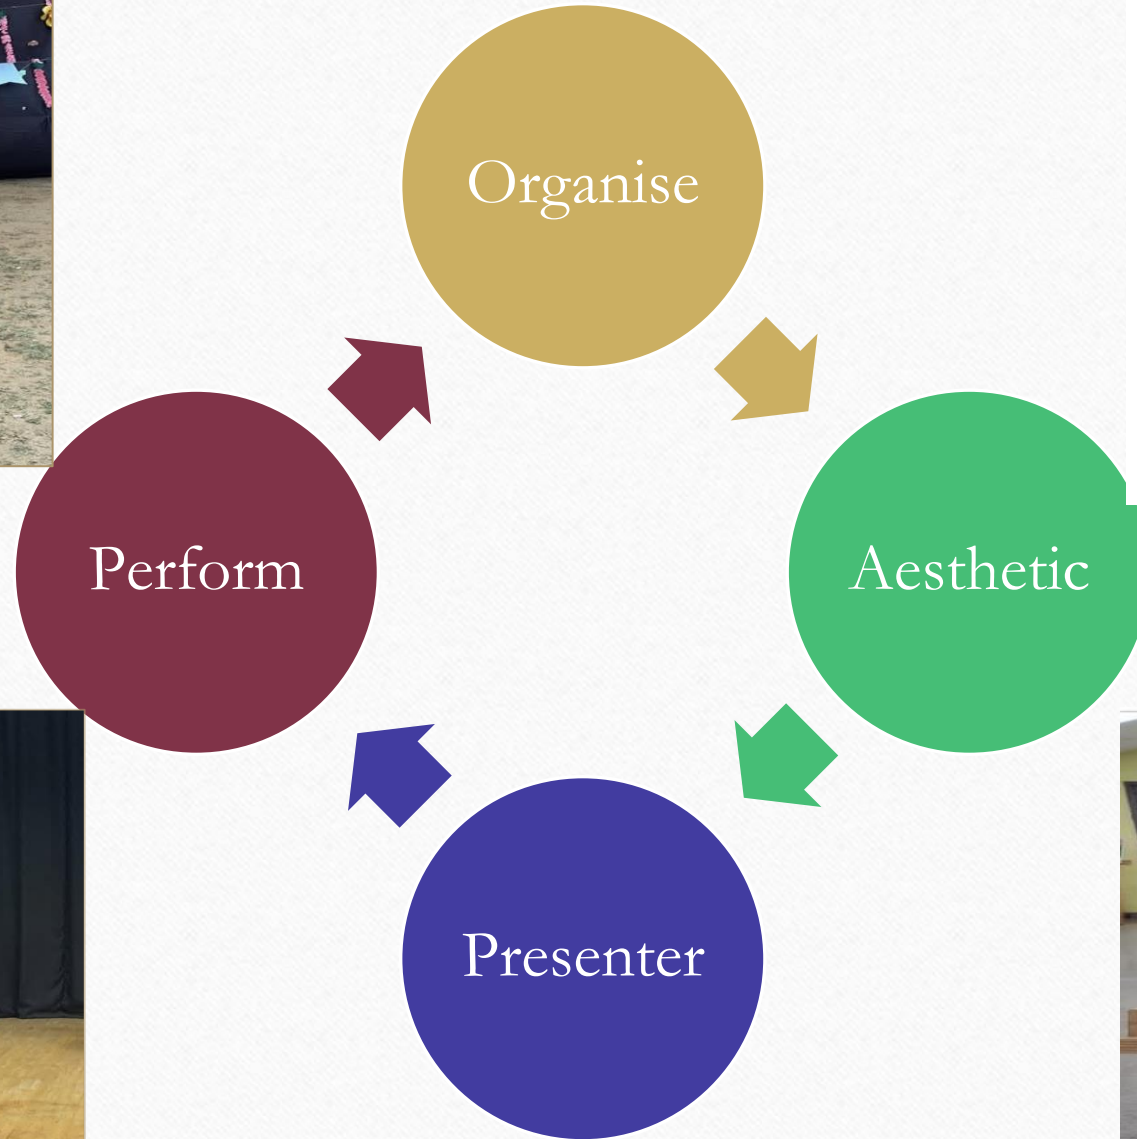

Our students have created a magazine featuring their research on various theories developed by Durkheim.

This magazine, exploring Durkheim's theories, was developed by the students as part of their ongoing continuous assessment, designed to track their academic progress.

Soft Skills

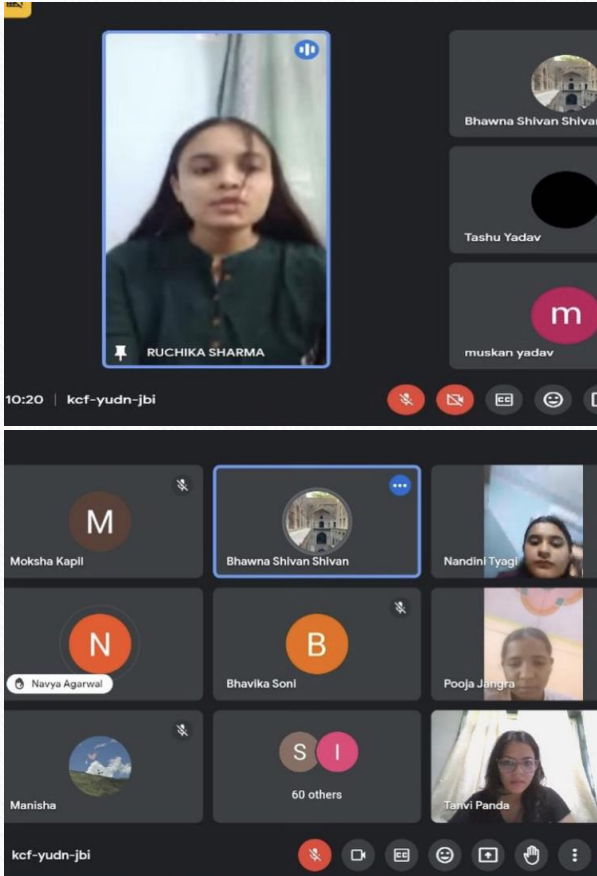

- Cultivate a vibrant ecosystem of sociological exploration, where every student finds their voice and feels empowered to delve into the complexities of society.
- Maintain a dynamic and responsive teaching approach, constantly evolving based on student insights and the ever-shifting landscape of sociological thought.
- Forge powerful alliances with external partners, unlocking pathways for students to experience sociology in action through real-world research, collaborations, and professional growth.
- Ignite a lasting passion for sociological inquiry, nurturing a departmental ethos of continuous learning and inspiring students to become lifelong explorers of the social world, far beyond the lecture hall.
- Spark intellectual growth and unleash creative expression through engaging capacity-building and imaginative writing workshops for our students.

HESTIA UNION ELECTIONS 2023-24, 2024-25

Annually, the Department of Sociology conducts a democratic election to select members for Hestia from all three graduate years. Numerous students campaign on social media leading up to the election. On election day, candidates deliver speeches before students from all years vote via a Google Form. Faculty members tally the votes, and results are announced on the same day.
